
PRESS RELEASE

March 2009

***DOWLINGMAGNETS** partners with **EDUCATORS RESOURCE!**

As we strive improve our business, we consistently keep our customers' best interests in mind. So, beginning April 1st, we are partnering with Educators Resource to offer a more profitable buying solution to all of our dealers.

Educators Resource is the leading wholesaler in the educational products industry. They maintain a low minimum order of \$30 and a standard offer of free freight on any order over \$400 through their wholesale program. With a selection of products from more than 300 manufacturers, it is easier to place a qualifying order to save on freight. Educators Resource will offer our products at our same net sales price.

You now have the option to place qualifying orders with us directly, or to take advantage of lower minimums and a consistent \$400 free freight offer from Educators Resource. If you don't currently purchase from Educators Resource, please visit www.erdealer.com or call 800-868-2368 and sign up for an account today.

We're very excited about this partnership and know you will benefit from the results. As always, your complete satisfaction is our priority. If you still have questions or any concerns about our new service approach, I invite you to contact me personally at 800-MAGNET-1 or kbuntrock@dowlingmagnets.com.

Sincerely,

A handwritten signature in black ink that reads "Kerry A. Buntrock". The signature is written in a cursive, flowing style.
